

Local Matters.

AN OBSTINATE CRAFT.—The steamer *Forest Queen* refused persistently to be founded, wrecked, or squelched, notwithstanding the thousand and one rumors put afloat at different times within the past two seasons to that effect. One day last week a report came to the *Press* that she was a total loss, and the same day in came the *Queen* with a most satisfactory contradiction thereto. The fact is, Capt. Thim. Kenyon exercises a supervisory care over his craft that precludes the possibility of any disaster, save from causes that no vigilance could obviate, and while he is in command, he is staunch or frail, there is really very little foundation for the various and persistent rumors put afloat concerning the loss of his vessel.

LAKE DISASTERS.—The disasters on the lakes by the storm on Wednesday last, seem to be greater than by any single storm experienced for years. The papers give accounts of wrecks on every lake, and in many instances of great suffering and loss. The extent of the storm was as general as its force was irresistible and destructive in all quarters.

FIRE DEPARTMENT ELECTION.—At a meeting of the Fire Department of this city, held at the Common Council Room Tuesday evening, last, the following nominations were made for members of the engineer corps for the ensuing year: *First Engineer*, W. G. DEITZ, *Second*, JOSEPH WHEAT, *Third*, JOHN SWIFT.

STREET RAILWAY.—Work is progressing rapidly on the Street Railway in this city, notwithstanding the unfavorable weather. A large force is engaged on Washington Street, who will finish up the grading between the F. & P. M. Depot and the southern boundary of the city by the latter part of next week. The iron and cars were shipped from Buffalo on the 7th inst.

SACKETT, the irrepressible retailer of news, ice cream, peanuts and other indispensable luxuries for mind and body, has reared another palatial fabric on Washington Street a few doors south of the Bancroft, in lieu of the one so ruthlessly destroyed by the flames a few days since—where he opens out with a new and choice stock of Literature, confectionery, notions, and junkmeats for the juveniles, which he offers in tempting display at tempting prices. In Sackett's bright lexicon there is no such word as suppress. He is bound to thrive, an indispensable necessity to the community, and an ornament to his profession. *Vive la Sackett.*

THE Flint & Pere Marquette Railway is not the fastest road in the world but compared with that even, it is like a change from time to eternity to take the Flint & Holly cars. The "mini-horn" has now a rival and the most marvellous exploits of the old Pontiac road are completely eclipsed by this little whale among the railways.

CLARK'S PHOTOGRAPHIC GALLERY.—Attention is called to the advertisement of the above Gallery in this paper, an institution having a first class reputation and the unanimous endorsement of all its patrons. Mr. C. is thoroughly scientific in his line, and has the benefit of ripe experience, good judgment and correct taste in addition to the very best facilities in all respects for carrying on his profession.

WOOL SHIPPERS.—Jerome Eddy of Flint, has shipped during the present season, via F. & P. M. Railway and the Godrich route, 400,000 lbs of Wool, valued at \$400,000.

Snow fell in this vicinity on Monday evening last to the depth of eight inches.

CHEROKEE MEDICINES.—The afflicted are requested to carefully peruse the advertisement of Dr. W. R. MERRIN & Co.'s Celebrated Cherokee Medicine, in another column of this paper, and call immediately upon the Druggist named at the foot of the advertisement and get our 32-page Pamphlet, giving much interesting and valuable information to both sexes, male or female. If the pamphlet is not to be obtained at your Drug Store, send at once to us, and one will be sent to you in a sealed envelope, free of postage. Address, W. R. MERRIN & Co., 63 Liberty St., N. Y.

Young and middle aged men read Dr. De Bontin's advertisement in another column, headed "private."

PAPER HANGINGS.—Just received, a large stock of excellent WALL PAPER, all new and beautiful patterns, which I offer at the Lowest Market Prices. Come and see them at J. F. FLETCHER'S Stationery Store, on Water Street, opposite Still's Furniture Store.

DIARRHÆA AND DYSENTERY.—We have examined a great number of Letters from men, the most prominent officers of Cincinnati and Cleveland, etc., speaking in the highest terms of Dr. Strickland's Anti-Cholera Mixture as the best doctors in Cincinnati and one bottle of Dr. Strickland's Anti-Cholera Mixture effected a permanent cure after suffering for months with worst form of Diarrhœa and dysentery. 50 cents per bottle.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15, 1864, with semi-annual interest at the rate of seven and three tenths per cent. per annum—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificate of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one quarter of one per cent, which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No subscription for commission must be made from the deposits.

Special Advantages of this Loan.
It is a NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its own notes are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collateral for discounts.

Convertible into a Six per cent. 5-20 Gold Bond.
In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate of 5-20 Bonds is not less than nine per cent. premium, and before the war the war premium on 6 per cent. U. S. stocks was over 20 per cent. It will be seen that the actual profit on this loan at the present market rate is not less than 10 per cent. per annum.

But aside from all the advantages we have enumerated, a special act of Congress exempts all bonds and Treasury notes from local taxation. On the average this exemption is worth two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith, creditability of private parties, or stock companies, or corporate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the strongest appeal will be to the loyalty and patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denominations of notes required, and whether they are to be issued in sum or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories, and by the

First National Bank, Ann Arbor Mich., Second National Bank of Detroit, Mich., First National Bank of Pontiacville, Mich., and by all National Banks which are depositories of public money, and

ALL RESPECTABLE BANKS AND BANKERS
throughout the country will give further information and

READ WHO SAYS SO:
From the Rev. Levi G. Beck, Pastor of the Baptist Church, Pemberton, N. J., formerly of the North Baptist Church, Philadelphia.

I have known Hoffland's German Bitters favorably for a number of years. I have used them in a variety of cases, and have been so pleased with their effects that I was induced to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in this public testimony to the fact, and calling the attention of those afflicted with the diseases for which they are recommended, to these Bitters, knowing from experience that my recommendation will be sustained.

I do this more cheerfully as Hoffland's Bitters is intended to benefit the afflicted, and is "not a rum drink." Yours truly, LEVI G. BECK.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge, and Christian Chronicle, Philadelphia.

Although not disposed to favor or recommend any medicine in a striking manner, I have been so pleased with the effects of Hoffland's Bitters, that I feel compelled to say a few words in its praise.
